Schedule of Events

7:30 am - 5:00 pm - Registration Open

**8:00 am - 10:00 am
Low Vision Workshop- Part I**

(2 hours SP)

Instructor: John W. Ballenger, Jr.

The first half of the low vision workshop will define low vision and discuss the philosophy of low vision care. It will also cover in office protocol, Medicare, insurance, billing and reimbursement. Part I will also discuss the Seven Steps of Dispensing Low Vision Aids. The steps include making sure a patient is under current care of an eye doctor and wearing a current prescription; determining the patient's visual goals; determining the necessary magnification and determining the impact of illumination and selecting the appropriate vision aid.

**10:00 am - 12:00 pm
Low Vision Workshop- Part II**

(2 hours SP)

Instructor: John W. Ballenger, Jr.

Part II of the Low Vision Workshop is a hands-on workshop. The goals of the course include selecting the appropriate visual aid and training the patient in the care and use of their visual aid. video magnifiers will also be covered.

**12:00 pm - 1:00 pm
Lunch - On Your Own**

**1:00 pm - 3:00 pm
Fitting the Irregular Cornea**

2 hrs CL - *Instructor: Andrew Taddeo*

The course will identify signs and symptoms of various material related adverse responses and their management. This course will instruct the participant on the various strategies and designs that may be utilized to help a practitioner continue to fit the appropriate design, modality and material on a patient.

**3:00 pm - 5:00 pm
Case History Eye Q Test**

2 hrs CL - *Instructor: Andrew Taddeo*

Through the presentation of case history, the participant will be able to evaluate a presbyopic prescription to determine what will suit the patients' needs properly. The participant will be able to differentiate the methods of correcting presbyopia to meet these needs. The methods include but are not limited to glasses, distance contacts and glasses, Bi-focal contact lenses and monovision. Methods of selecting a proper presbyopic candidate for hydrogel fitting will be discussed.

About the Instructors

Andrew Taddeo - Sponsored by Bausch & Lomb

Andrew has been a licensed contact lens practitioner for 30 years and is currently with the Eye Consultants of Syracuse. He is a past president of both the Contact lens Society of New York and the New York State Society of Opticians. He is a member of the Contact Lens Society of America and the American Board of Opticianry.

John W. Ballenger, Jr. - Sponsored by Eschenbach

John has a Ph.D. in Education from The Ohio State University and attended Northern Kentucky University and Wright State University. He is currently employed with Interstate Optical as a Territory Manager and Practice Consultant. John teaches 13 different low vision courses and manages over 400 accounts. He works directly with MDs and ODs in private practice, clinical and hospital settings.

All courses have been approved by the Ohio Optical Dispensers Board for 4 hours Spectacle and 4 hours Contact Lens credit
